

Cooperative Work Experience

Lesson Plan

DESCRIPTION & GOALS

This lesson plan is designed to introduce high school students to Cooperative Work Experiences (CWEs). Students learn about CWEs and begin to research them according to their interests and locale.

OBJECTIVES

- Define a Cooperative Work Experience.
- Research Cooperative Work Experiences.
- Reflect on learning about Cooperative Work Experiences.

PREPARATION & MATERIALS

- Computers and digital devices with internet access
- Cooperative Work Experience Quick-Start Guide

Cooperative Work Experience

Lesson Plan

PROCEDURES

Introduction: What is a Cooperative Work Experience? | Whole Class | 10min

Teacher

- Introduce lesson theme and topic | Share purpose and objectives | Explain agenda (See QSG for details).
- Define a cooperative work experience (see: QSG and links provided for more details).
- Show students where to find out more about cooperative work experiences, beginning with links to information from the nearest community colleges.
- Model a search.

Research | Individually or In Groups | 30min

Students

- Brainstorm different cooperative work experiences students might research in their locale.
- Search through the supplied links and take notes on what opportunities are available.
- Search for newer links.

Exit Ticket: Selfie | Individually | 10min

Students

- Take a selfie of their expression (or use a drawing or image of an emoji) to describe how they felt when they learned something in their search.
- Send to the teacher.
- Alternatively, select an exit ticket from the final page of this lesson plan.

THIS LESSON PLAN DOES NOT MEET THE REQUIREMENTS FOR WORK-BASED LEARNING EXPERIENCE IN A SECONDARY CTE PROGRAM OF STUDY.

ASSESSMENTS

Varying assessments can keep lessons fun while making sure they meet specific objectives. Try **exit tickets**, either written or oral | **Interactive games**, whether digital or in-person. **Multimedia projects**, including slide decks, videos, posters, drawings, or diagrams | **Quizzes** with formats like true/false, multiple choice, or short answer questions | **Written responses**, which can take the form of short essays, poems, or advertisements | **Discussions**, such as small-group, individual, or whole-class Socratic seminars | **Oral presentations**, either planned or impromptu | **Polls**, digital or analog | **Ranking activities**, which encourage critical reasoning | **Observation**, involving both teacher and student perspectives, along with self-reflection and peer feedback | **Rubrics** keep students apprised of how well they are meeting expectations along assignment criteria. See the final page for an infographic!

TIMELINE

COOPERATIVE LEARNING STRATEGIES

THINK-PAIR-SHARE

Students think, talk with peers, then share with the class.

GALLERY WALK

Students walk around the room reflecting on one another's posted work.

3 STAY - 1 STRAY

One member from each group visits other groups, acting as a reporter and exchanging information.

FOUR CORNERS

Students self-sort, moving near statements posted in the room they agree with and discuss reactions.

JIGSAW

Groups become "experts" in one aspect of a learning objective.

NUMBERED HEADS TOGETHER

Students in groups collaborate to ensure mutual understanding, each prepared to answer a question tied to their assigned number.

Cooperative Work Experience Assessments

QUICK REFERENCE ASSESSMENTS

Varying assessments can keep your lessons fun and engaging while ensuring they meet your lesson's objectives. The following assessments offer different ways to assess students. Choose assessments that best match your circumstances.

EXIT TICKET

Students respond to a prompt or question on a 3x5 card or slip of paper before leaving class.

INTERACTIVE GAMES

Students play an analog or digital game that tests their learning competitively or cooperatively.

MULTIMEDIA PROJECT

Students create slide decks, videos, posters, drawings, diagrams, how-to guides, and mini publications.

QUIZZES

True or false, multiple choice, short answer, thumbs up or down, and verbal responses are all ways to quickly assess student learning.

WRITTEN RESPONSES

Short essays (descriptive, narrative, persuasive), poems, advertisements, menus, and speeches are all useful ways to show learning.

DISCUSSION

Small group, individual, and whole-class Socratic seminars help students stay engaged and practice reasoning skills.

ORAL PRESENTATIONS

Try planned or impromptu oral presentations. Students can develop these in groups or on their own.

POLLS

Hands, fingers, thumbs, and pen and paper are great for analog polls. Digital polls are convenient for tallying results quickly.

RANKING ACTIVITIES

Students rank items and explain their reasoning. A great way to measure critical thinking skills.

OBSERVATION

This can include both teacher and student perspectives, along with student self-reflection and peer feedback.

Exit Tickets

EXIT TICKET IDEAS

Formative assessments can help students build confidence and critical thinking skills, while providing teachers with real-time feedback they can use to enhance further instruction. Modify these exit ticket suggestions to best suit your classroom!

SIGHT

- **Draw an emoji** of your emotional response to the lesson. Write about how it relates to what you learned.
- **Take a selfie** of an expression reacting to something you learned and share it!
- **Draw a visual summary** of images that narrate the lesson. This could be a comic strip or an infographic.
- **Recall a movie scene** that relates to the lesson and explain why.
- **Label a line graph** with peaks and valleys describing how you and other students engaged with the lesson.

SOUND

- **Think of song lyrics** that describe something you learned and explain your reasoning.
- **Listen to a brief audio clip** (music, quote, sounds) and explain how it connects to what you have learned.
- **Record yourself** sharing a 20-second response to your favorite part of the lesson.
- **Listen to a peer** share their favorite part of the lesson, and then share yours with them.
- **Connect a sound** to your mood during the lesson and explain how the sound relates.

SMELL

- **Create a smell continuum** with your favorite and least favorite smells; rate the lesson and explain.
- **Use scented markers or stickers**, and make a connection between the scent and a key concept.
- **Relate the lesson to a specific scent**, explaining the similarities and reasons behind your choice.
- **Choose 3 main ideas**, and relate them to 3 different smells. Explain your reasoning.

TASTE

- **Create a recipe**, choosing ingredients from the lesson. Name the recipe with a relevant title.
- **Use a food metaphor or simile** to describe something you learned in the lesson.
- **Divide a paper plate** into portions and label each portion with key concepts from the lesson.
- **Recall a food memory** related to the lesson and write down why you chose it.

TOUCH

- **Use the provided material** (blocks, clay, wire) to build a concept from the lesson that stood out to you.
- **Give a thumbs up, down or sideways** to indicate your level of understanding after the lesson.
- **Move around the room** to defend, challenge, or qualify your level of agreement with an argument or concept.
- **Build a collage** that represents the most important takeaways from the lesson.
- **Act out a concept** from the lesson that you think is most important.

THOUGHT

- **Agree or disagree** with a prompt and write down your reasons with examples.
- **Write about a personal connection** you can make with today's lesson and the concepts you have learned.
- **3-2-1** Jot down three ideas you learned, two ideas you want to learn and one question you have.
- **Select an adjective** that best describes the lesson. Explain your reasoning.
- **Write important ideas** from the lesson and rank them in terms of importance.
